ANSWER TO MOTION FOR DEFAULT JUDGMENT

The undersigned pro se Defendants, Juanita Sisneros and Alex Sisneros, answer the State Engineer's motion for default judgment as follows:

We were unable to attend the pretrial scheduling conference in Santa Fe on May 18, 2009 because of my wife's illness which required that I stay back and take care of her. We did not know how to get a hold of the court to let you know that we would not be able to attend that day.

We realize that the court has the authority to dismiss us from the lawsuit or to allow us to continue. We ask that you allow us to continue in this case because the water rights for our property are important to us.

Wherefore, we request that this Court deny the State Engineer's motion to enter a default judgment against us.

Respectfully submitted,
